

Orgatrex Product Sheet

Orgatrex

Organic fertiliser liquid NPK: 5-1-5 with balanced quantities of; Zn, Cu, Ca, Mn, Mg, S, Si and Fe.

Available in 250 ml. & 1 litre bottles and 5 litre jerrycans.

Orgatrex helps to maintain your soil life in optimal condition. You need a healthy soil for healthy plants and Orgatrex helps you to achieve this. Orgatrex works great in both the growing or blooming cycle.

With its high content of trace elements and sugars, Orgatrex works in harmony with beneficial soil bacteria and mycorrhizae fungi.

Orgatrex is produced using only ingredients that are approved by the Soil Association.

Orgatrex is approved as an organic fertiliser for use with all crops. Orgatrex contains no animal parts or products.

Orgatrex contains; alfalfa meal, mixed molasses, kali vinasse, silicon oxide and fine rock particles as a basis for micronutrients.

Directions for use:

Dilute 2 ml of Orgatrex per litre of water, for each watering, or use Orgatrex as part of the BioTabs organic growing and flowering method, as explained in the growing manual.

For optimal results, combine **Orgatrex** with beneficial soil bacteria and mycorrhiza fungi, such as **Bactrex** and **Mycotrex** from: www.biotabs.nl.

The solution may be stored for two days. Shake really well before use.

Store in a cool and dry place. Keep out of reach of children. Not suitable for consumption.
